MACK'S Original Safe Sound® Soft Foam Earplugs

**DIRECTIONS:**
1. With clean hands, roll plug into a tight, crease-free cylinder.
2. With opposite hand, reach over head and pull up and back on outer ear to straighten ear canal.
3. Quickly insert earplug well into ear canal and hold in place until it expands for a comfortable, secure fit.
4. **WARNING:** Improper fitting will reduce effectiveness, which could result in hearing loss or injury.

Discard after several uses or as soon as dirt or wax accumulates on earplugs.

**WARNING:** Remove earplug slowly with twisting motion to gradually break the seal. Rapid removal may damage eardrum.

**WARNING:** Keep away from infants and small children. These earplugs are non-toxic, but may interfere with breathing if caught in windpipe, which could lead to serious injury or death.

**Noise Reduction Rating:**
29 DECIBELS

(WHEN USED AS DIRECTED)

THE RANGE OF NOISE REDUCTION RATINGS FOR EXISTING HEARING PROTECTORS IS APPROXIMATELY 0 TO 30 (HIGH NUMBERS DENOTE GREATER EFFECTIVENESS)

Adirondack Rocking Chair

$410.00

The most durable high density plastic adirondack chairs we have seen! Every piece is hand crafted to insure quality and is made in the U.S.A. Made from high density plastic with fade resistant colors throughout each board, this adirondack furniture never needs paint. These adirondacks are meant to weather the ocean shores and the harshest winters. It will never rot. Salt water and chlorinated water have no effect. Each piece of this outdoor patio furniture is assembled with stainless steel hardware that has a Xylan coating, so you can rest assured that your adirondacks will last a lifetime.

Frequently Asked Questions:

Where Is Maruchan Made?
- We have three Ramen noodle manufacturing facilities in the U.S., two in Irvine, California and one near Richmond, Virginia.

What Does Maruchan Mean?
- Maruchan is a Japanese word comprised of two parts. Man and chan. Manu literally means round, as in the shape of a ball or a happy child's face. Maru also means rounded, as opposed to square or angular. In Japanese round has a connotation of friendliness. The word chan is a suffix, used with a child's name. "Chan" is used to show endearment and affection for a child.

Are Ramen Noodles Safe To Eat Dry?
- Yes. Ramen noodles can be enjoyed dry. Many creative cooks use Maruchan Ramen as an ingredient in salads and a variety of other recipes.

Do You Have Lower Sodium Products?
- Yes. Maruchan has a new product line of Less Sodium Ramen and Instant Lunch soups. Ask your grocer for Maruchan Less Sodium products. (More Information)

What Are Yakisoba Noodles?
- Yakisoba noodles in Japan are commonly referred to as noodles that are pan fried. Yakisoba refers to a dish of pan fried noodles mixed with seasonings, vegetables and sliced meat. (More Information)

Why Does Maruchan Instant Lunch Use Styrofoam Cups?
- We have found that styrofoam cups hold heat and protects our customers hands from hot broth within the cup. Styrofoam is also designated as a recyclable product. (More Information)

What Is The Shelf Life of Maruchan Products?
- We recommend that you refer to the "Best By" code on our packages and suggest that our products should be consumed in a timely manner. While ramen noodles have a very long shelf life, certain conditions over time may reduce the soup quality. Always store Maruchan products in a cool dry place. (More Information)

How Many Packages of Maruchan Are Made Each Year?
- Maruchan produces 3.6 billion packages of Ramen Noodle Soup a year. If the noodles were all strung together they would reach all the way from earth to the planet Mars and back.

How Do You Pronounce Ramen?
- Ramen is pronounced by combining the syllables: Ra (rah) Men. (Hear pronunciation)
Lenape's New Double Towel Bar

Available in our Classic line, this 24" towel rack is both practical and good looking. Now you can hold twice as many towels with the same wall space as a traditional rack. View the entire Classic line here.

Welcome to Lenape Porcelain Products. Our items are handcrafted in America with the quality and style that your home deserves. REVIEW SNAPSHOT® by PowerReviews
Who makes CORELLE® Dinnerware?

All CORELLE® Vitrelle® glass dinnerware is manufactured in the USA at the same Corning, New York factory where it has been made since the line was launched in 1970. Hearthstone stoneware lines are sourced elsewhere. The CORELLE brand is no longer owned by Corning, Inc., but is now within the World Kitchen, LLC. family of brands, which also includes such household names as Chicago Cutlery®, CORNINGWARE®, EKCO, PYREX®, MAGNALITE®, and REVERE®. For more information on Corelle, go to www.corelle.com
Product Description

TiFinity Titanium Toothbrush Made in USA

Electric sonic toothbrushes, many imported, have batteries that eventually cause environmental problems. Regular toothbrushes use nylon bristles that rapidly decay and can harbor bacteria.

You want clean teeth and health gums, but what is the choice?
An American dentist has invented a new kind of brush that uses new very soft titanium bristles!

It is not only stylish, but studies show it cleans 15% better than expensive sonic toothbrushes!

The New York Times called a "...paradigm shift in the profession."

Cleaner teeth and healthier gums without using expensive, battery powered gizmos that are bad for the environment!

Now that is American innovation!

Invented and made in USA
