GROUP EXAMINATION, ALPHA

N. B. Examiner—Give the following instructions very distinctly and at moderate speed. After giving the command, “Attention,” always notice carefully and have assistants notice whether all pencils are up. Never proceed until they are. This is especially important in the beginning. Be careful to use the direction that fits the form of Alpha test distributed. Be careful not to pause or to drop the voice in the course of a compound direction, e. g., in 2, before the words “and also.” Raise your pencil whenever you say “Attention.” Lower it promptly whenever you say “Go.”

TEST I, FORM V.

1. “Attention! ‘Attention’ always means ‘Pencils up!’ Look at the circles at 1. When I say ‘go,’ but not before, make a cross in the first circle and also a figure 1 in the third circle.—Go!” (Allow not over 5 seconds).

2. “Attention! Look at 2, where the circles have numbers in them. When I say ‘go,’ draw a line from Circle 1 to Circle 4 that will pass above Circle 2 and below Circle 3.—Go!” (Allow not over 5 seconds).

3. “Attention! Look at the square and triangle at 3. When I say ‘go,’ make a cross in the square which is in the triangle, but not in the square, and also make a figure 1 in the space which is in the triangle and in the square.—Go!” (Allow not over 10 seconds).

4. “Attention! Look at 4. When I say ‘go,’ make a figure 1 in the space which is in the circle, but not in the triangle or square and also make a figure 2 in the space which is in the triangle and circle, but not in the square.—Go!” (Allow not over 10 seconds).

(N. B. Examiner—In reading 5, don’t pause at the word CIRCLE as if ending a sentence).

5. “Attention! Look at 5. If a machine gun can shoot more bullets a minute than a rifle, then (when I say ‘go’) put a cross in the second circle, if not, draw a line under the word No.—Go!” (Allow not over 10 seconds).

6. “Attention! Look at 6. When I say ‘go,’ put in the second circle the right answer to the question: “How many months has a year?” In the third circle do nothing, but in the fourth circle put any number that is a wrong answer to the question that you have just answered correctly.—Go!” (Allow not over 10 seconds).

7. “Attention! Look at 7. When I say ‘go,’ cross out the letter just before C and also draw a line under the second letter before H.—Go!” (Allow not over 10 seconds).

8. “Attention! Look at 8. Notice the three circles and the three words. When I say ‘go,’ make in the first circle the first letter of the first word; in the second circle the first letter of the second word; and in the third circle the last letter of the third word.—Go!” (Allow not over 10 seconds).

9. “Attention! Look at 9. When I say ‘go,’ cross out each number that is more than 20, but less than 30.—Go!” (Allow not over 15 seconds).

10. “Attention! Look at 10. Notice that the drawing is divided into five parts. When I say ‘go,’ put a 3 or a 2 in each of the two largest parts and any number between 4 and 7 in the part next in size to the smallest part.—Go!” (Allow not over 15 seconds).

11. “Attention! Look at 11. When I say ‘go,’ draw a line thru every even number that is not in a square and also thru every odd number that is in a square with a letter.—Go!” (Allow not over 25 seconds).

12. “Attention! Look at 12. If 7 is more than 5, then (when I say ‘go,’) cross out the number 6 unless 6 is more than 8, in which case draw a line under the number 7.—Go!” (Allow not over 10 seconds).

“During the rest of this examination don’t turn any page forward or backward unless you are told. Now turn over the page to Test 2.”
TEST 1

1. ○ ○ ○ ○ ○ ○

2. 1 2 3 4 5 6 7 8 9

3.  

4.  

5. ○ ○ ○ ○ Yes No

6. ○ ○ ○ ○ ○

7. ABCDEFGHIJKLMNOP
